Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner realized that there was an error on the previous action, such that in the restriction requirement, claims 26-27 belong to group I, species II. Therefore, the examiner called applicant to determine if applicant would like a new requirement sent out or would be amenable to including claims 26-27 in the non-elected group and hence change the claim status to withdrawn. Applicant agreed to continue with the current election and change the status of claims 26-27 to withdrawn as being drawn to a non-elected species. As such, claims 26-27 are withdrawn from consideration..
